## Second International Summer School on GNSS 2008

**Institute of Geodesy and Navigation was again leading organizer of  
International Summer School on GNSS –  
After great success in 2007 and 2008  
registration for Summer School 2009 has already opened**

This year's Summer School was held from July 21st to 31st, 2008 in Berchtesgaden. About 50 participants from all over the world joined this extraordinary event for ten days. Former astronaut Thomas Reiter from DLR inaugurated Summer School. His presentation "The Mission Astrolab – Fascinating Space" was a real absorbing summary of his stay in space. In 2007 he returned after 166 days in space where he was member of the International Space Station ISS.

13 further international experts from science and industry gave lectures for 50 participants from all over the world (USA, UK, India, Malaysia, Australia, Russia...). Get more information about the program:
